Submitted to His Highness.

In March last, Dr. Smeeth, State Geologist, travelled to Sakchi and other places to examine the working of the Tata Iron Works and consult Mr. Perin and Dr. MacWilliams regarding the prospects of establishing an industry in Ferro-Manganese in Mysore.

Paper under disposal

2. In connection with the above journey, he requests that he may be allowed to draw daily allowance at double the rates ordinarily admissible to him under the Mysore Service Regulations for his seven days' halt and that each of the two peons who accompanied him may, as a special case, be granted a daily allowance of 8 annas for the entire period of their absence from Bangalore.

3. The rates admissible under the rules are Rs. 7½ per day in the case of the State Geologist and Ex-officio Geological Secretary and annas 2½ and 2 per day respectively in regard to the two peons.

Page 3 of the office notes

4. The extra cost involved in the proposals is about Rs. 64: and the Financial Secretary considers that the rules should be adhered to.

5. If, out of the total amount of travelling allowance (including railway fare and daily allowance) payable to the officer under the rules, a single first class fare for the journey be deducted, a balance of Rs. 291-8-0 will be left, which will work out at about Rs. 19 a day. This is deemed sufficient in the case of the Geological Secretary. The Council are not in favour of any deviation from the rules in the circumstances of this case.

Page 8 of the office notes

6. The opinion of the Council may be graciously approved.

TO THE DEWAN OF MYSORE

FOR ORDERS.

SUBJECT:—

Travelling allowances for the State Geologist and his Establishment for the visit to Sakchi on Departmental business.

I beg to apply to you for some enhanced rates of daily batta for myself and two of my peons for the visit, in accordance with your D.O. instructions, to Tata & Sons' Steel Works at Sakchi and for a few days at Calcutta and Madras on the way.

2. I would suggest that for days halted on the trip I might be permitted to draw double rates of batta or in other words Rs.15/- per day which is, I think,

a

a fair rate considering one's expenses.

3. As regards peons their present rates of batta are 2½ annas per diem for one of the men and 2 annas for the other. These rates are hardly sufficient even in Mysore in the present day and I beg that as a special case they may be granted eight annas each per diem throughout the entire period of their absence from Bangalore. It is not too much for a trip of this description away from their country.
